Personal Description:

This is a very important part of the application. This section gives you the opportunity to tell us about yourself, what you have learned and what you have achieved in your career so far. Describe relevant skills and qualifications you have acquired. Also tell us what your ambitions are and what achievements you are proud of. Tell us about any leadership roles you have had (whether at School, clubs, work or others) and any other activities you have undertaken and excelled in, outside your studies. This is your opportunity to market yourself to us. Take as much space as you desire but a page would probably be sufficient.
